## Primary Schools Sport Premium

**Academic Years 2013 – 2019**

### Background

As part of the Government's determination to secure an enduring legacy from the London 2012 Olympic and Paralympic Games, the Prime Minister declared that £300 million worth of funding was to be allocated to primary schools for the two academic years 2013 – 2014 and 2014 – 2015 this has been extended and the government hope that this will continue until 2020. It was then announced that schools will receive double the funding from the academic year 2017 – 2018 and that this will be repeated again this year 2018 - 2019.

Fawkham CEP School received £5147 during the 2013 – 2014 academic year, we received a further sum of £6743 in 2014 - 2015, then in 2015 - 2016 we received £4932. In 2016 – 2017 we received £8455. Last academic year 2017 – 2018 we received £13,370. This academic year we will be receiving £13,370. So to date we have received £52,017. This money is ring-fenced and can only be spent on the provision of PE and sport at Fawkham. Naturally we have and continue to think carefully about how we were/are going to spend the money, obviously we are accountable for the expenditure; this includes monitoring the impact that the extra money has on pupil's progress, their participation in sport and PE and their health and general well-being.

Since September 2013, our sports leaders, the staff and I have been planning and implementing a whole range of strategies to ensure that we are fully meeting our pupils' needs. Our overall aim is to improve the quality, provision and sustainability of PE and sport at Fawkham.
