Primary Schools Sport Premium

Academic Years 2020 – 2021

Background

As part of the Government's determination to secure an enduring legacy from the London 2012 Olympic and Paralympic Games, the Prime Minister declared that £300 million worth of funding was to be allocated to primary schools for the two academic years 2013 – 2014 and 2014 – 2015 this has been extended and the government hope that this will continue until 2022. It was then announced that schools will receive double the funding from the academic year 2017 – 2018 this was repeated again in the academic years 2018 – 2019 and 2019 - 2020. We are to receive this funding again this academic year 2020 - 2021.

Fawkham CEP School received £5147 during the 2013 – 2014 academic year, we received a further sum of £6743 in 2014 - 2015, then in 2015 - 2016 we received £4932. In 2016 – 2017 we received £8455, 2017– 2018 we received £13,370. For the last two years we have received £13,370. This academic year we will be receiving again £13,370. So to date we have received £78,757. This money is ring-fenced and can only be spent on the provision of PE and sport at Fawkham. Naturally we have and continue to think carefully about how we were/are going to spend the money, obviously we are accountable for the expenditure; this includes monitoring the impact that the extra money has on pupil's progress, their participation in sport and PE and their health and general well-being.

Since September 2013, our sports leaders, the staff and I have been planning and implementing a whole range of strategies to ensure that we are fully meeting our pupils' needs. Our overall aim is to improve the quality, provision and sustainability of PE and sport at Fawkham.
